DUBAI SILICON OASIS

# AXIS RESIDENCE ONE

ALTAMANA  
REAL ESTATE

Axis Residence One in Dubai Silicon Oasis is an apartment complex consisting of eight low-rise buildings that are located in Dubai Silicon Oasis, Dubai. The project was developed by Gulf General Investments and was commissioned in 2010. Each building has nine levels, and properties including one- to two-bedroom apartments that vary in configuration.

Residents can enjoy a variety of first-class amenities, including:

- Gym
- Rooftop swimming pool
- Landscaped areas
- 24-hour concierge services
- Intercom system
- Children's playgrounds
- Security and video surveillance
- Fire alarm system
- Maintenance services
- Central air conditioning
- ATM
- Parking
- High-speed elevators
- Backup power system
- Lobby
- Covered bicycle parking

Typically, one-bedroom apartments in residential complexes like Axis Residence One may feature a well-designed living space that includes a bedroom, bathroom, kitchen, and a living room. The overall design and available amenities can vary, so contacting the property management or visiting the official channels is the best way to obtain precise information about the specific unit you are interested in.
